

Section IV. 10B– Natural Disaster Element

This section is an Evaluation of the Objectives and Policies under each Goal. Areas of deficiency within this element are further addressed in Section IV 10B (1).

GOAL 11.0 Protect human life and limit public expenditures in the Coastal Area subject to destruction by natural disaster.

Objective/Policy	Measurable Target	Baseline Condition	Current Condition	Objective Achieved?
Objective 11.1. Limit public expenditures that subsidize development and establish criteria or prioritizing capital improvements in the North Unincorporated Coastal Area (NUCA).				
Policy 11.1.1. Public expenditures should focus on projects which restore or enhance natural resources such as beach nourishment.	Number of projects which focus on restoration or enhancement of natural resources such as beach nourishment.	Hollywood/Hallandale beach was widened to 200 from 150 feet in 1991. In addition to beach nourishment, dunes have been revegetated in Hallandale and Hollywood to slow the rate of erosion.	There are no longer any unincorporated coastal areas except for the Hillsboro Light House property.	Yes.
Policy 11.1.2. The level of service (LOS) standards applicable to the NUCA shall be as stated in the Transportation and the Drainage and Natural Groundwater Aquifer Recharge Elements.	See policy 11.1.2.	The level of service (LOS) standards applicable to the NUCA are as stated in the Transportation and the Drainage and Natural Groundwater Aquifer Recharge Elements.	There are no longer any unincorporated coastal areas except for the Hillsboro Light House property.	Recommend deletion of policy, see below.

Objective/Policy	Measurable Target	Baseline Condition	Current Condition	Objective Achieved?
<p>Policy 11.1.3. The County shall not utilize public funds for infrastructure expansion or improvements in coastal high-hazard areas unless such funds are necessary to provide services to the existing development and to provide adequate evacuation in the event of an emergency.</p>	<p>See policy 11.1.3.</p>	<p>The County does not utilize public funds for infrastructure expansion or improvements in coastal high-hazard areas unless such funds are necessary to provide services to the existing development and to provide adequate evacuation in the event of an emergency.</p>	<p>Same as baseline.</p>	<p>Yes.</p>
<p>Objective 11.2. Direct population concentrations away from known or predicted coastal high-hazard areas.</p>				
<p>Policy 11.2.1. The existing zoning densities established for the NUCA shall be maintained.</p>	<p>Established zoning densities are maintained.</p>	<p>The existing zoning densities established for the NUCA are maintained.</p>	<p>There are no longer any unincorporated coastal areas except for the Hillsboro Light House property</p>	<p>Recommend deletion of policy, see below</p>
<p>Policy 11.2.2. The Broward County Planning Council shall maintain a Broward County coastal high-hazard area map with information received from the Division of Emergency Management as part of the Natural</p>	<p>Updated map on file.</p>	<p>The Broward County Planning Council maintains a Broward County coastal high-hazard area map with information received from the Division of Emergency Management as part of the</p>	<p>Same as baseline.</p>	<p>Yes.</p>

Objective/Policy	Measurable Target	Baseline Condition	Current Condition	Objective Achieved?
Resource Map Series of the Broward County Land Use Plan.		Natural Resource Map Series of the Broward County Land Use Plan.		
Objective 11.3. Maintain or reduce predicted hurricane evacuation times in the Coastal Hurricane Evacuation Plan (CHEP).				
Policy 11.3.1. The County should assign sufficient and appropriate personnel to assure that tasks, necessary to expedite evacuation, are completed.	See policy 11.3.1	In an event of an evacuation, the County would assign sufficient and appropriate personnel to assure that tasks, necessary to expedite the evacuation, are completed.	Same as baseline.	Yes.
Policy 11.3.2. The Broward County Comprehensive Emergency Operations Plan and the CHEP should be revised as needed to reflect new techniques or programs useful in accelerating evacuation.	See policy 11.3.2	The Broward County Comprehensive Emergency Operations Plan and the CHEP are revised as needed to reflect new techniques or programs useful in accelerating evacuation.	Same as baseline.	Yes.
Policy 11.3.3. Regular meetings of local and regional evacuation planning professionals	See policy 11.3.3	Regular meetings of local and regional evacuation planning professionals are continued.	Same as baseline.	Yes.

Objective/Policy	Measurable Target	Baseline Condition	Current Condition	Objective Achieved?
should be continued.				
Policy 11.3.4. Solicitation of data from police and fire departments regarding transit dependent evacuation needs of mobile home park residents within municipalities should be continued.	See policy 11.3.4.	The solicitation of data from police and fire departments regarding transit dependent evacuation needs of mobile home park residents within municipalities continues.	Same as baseline.	Yes.
Policy 11.3.5. The Elderly Services Division should continue its procedures to inform Persons with Special Needs (PSN) of evacuation transportation and shelter services that may be available to them.	See policy 11.3.5.	The Elderly Services Division continues its procedures to inform Persons with Special Needs (PSN) of evacuation transportation and shelter services that may be available to them.	Same as baseline.	Yes.
Objective 11.4. The Emergency Management Division shall revise the post-disaster redevelopment plan for the North Unincorporated Coastal Area (NUCA) and develop a county-wide post-disaster redevelopment and mitigation plan which reduces exposure of life and property to natural hazards by 1998.				
Policy 11.4.1. Post-disaster redevelopment should distinguish between immediate repair and	See policy 11.4.1.	Post-disaster redevelopment distinguishes between immediate repair and cleanup actions needed to	Same as baseline.	Yes.

Objective/Policy	Measurable Target	Baseline Condition	Current Condition	Objective Achieved?
cleanup actions needed to protect public health and safety and long-term repair and redevelopment activities.		protect public health and safety and long-term repair and redevelopment		
Policy 11.4.2. Post-disaster redevelopment should address the removal, relocation, or structural modification of damaged infrastructure as determined appropriate by Broward County but consistent with federal funding provisions and unsafe structures.	See policy 11.4.2.	Post-disaster redevelopment addresses the removal, relocation, or structural modification of damaged infrastructure as determined appropriate by Broward County but consistent with federal funding provisions and unsafe structures.	Same as baseline.	Yes.
Policy 11.4.3. Broward County should incorporate the recommendations of interagency hazard mitigation reports into the Broward County Comprehensive Plan.	See policy 11.4.3.	Broward County incorporates the recommendations of interagency hazard mitigation reports into the Broward County Comprehensive Plan.	Same as baseline.	Yes.

Objective/Policy	Measurable Target	Baseline Condition	Current Condition	Objective Achieved?
<p>Policy 11.4.4. All new construction along the beachfront should be consistent with design criteria established pursuant to the designation of the Coastal Construction Control Line (CCCL).</p>	<p>See policy 11.4.4.</p>	<p>All new construction along the beachfront is consistent with design criteria established pursuant to the designation of the Coastal Construction Control Line (CCCL).</p>	<p>Same as baseline.</p>	<p>Yes.</p>
<p>Policy 11.4.5. Regulations contained within the South Florida Building Code should be enforced to reduce exposure of life and property to the damaging effects of a hurricane.</p>	<p>See policy 11.4.5.</p>	<p>Regulations contained within the South Florida Building Code are enforced to reduce exposure of life and property to the damaging effects of a hurricane.</p>	<p>Same as baseline.</p>	<p>Yes.</p>
<p>Policy 11.4.6. . Broward County disaster specific mitigation plan addendum recommendations should be incorporated into the post-disaster redevelopment plan for the NUCA and a county wide post-disaster redevelopment and mitigation plan.</p>	<p>See policy 11.4.6.</p>	<p>Not adopted.</p>	<p>Same as baseline.</p>	<p>Yes. Recommend policy language update, see below.</p>

Objective/Policy	Measurable Target	Baseline Condition	Current Condition	Objective Achieved?
Policy 11.4.7. Broward County shall limit post-disaster redevelopment in areas of repeated damage, where legal and financially feasible.	See policy 11.4.7.	Broward County limits post-disaster redevelopment in areas of repeated damage, where legal and financially feasible.	Same as baseline.	Yes.
Policy 11.4.8. All codes and ordinances referenced in this Component are as adopted as of October 1, 1996.	See policy 11.4.8	All codes and ordinances referenced in this Component are as adopted as of October 1, 1996.	Same as baseline.	Yes.

Section IV.10B (1) – Natural Disaster Element – EAR Recommendations

New /Revised Policy	Current Condition or Area of Deficiency	Recommendation
Policy 11.1.2.	There no longer is a NUCA.	Policy should be deleted.
Policy 11.2.1..	There no longer is a NUCA.	Policy should be deleted.
Policy 11.4.6. . Broward County disaster specific mitigation plan addendum recommendations should be incorporated into the post-disaster redevelopment plan for the county wide post-disaster redevelopment and mitigation plan.	There no longer is a NUCA.	Recommend policy language update indicated.
